The Tulane University Environmental Law Clinic is seeking any and all information relating to the owners and operators of the offshore oil platform and its associated wells described below. The information sought includes, but is not limited to, copies of any permits, licenses, reports of leaks or violations relating to the platform or its associated wells (past and ongoing); contact information for all past and present owners and operators; registered agent information for all past and present owners and operators; etc. Pertinent information may come from documents relating to any regulatory program, but we are particularly interested in Clean Water Act program records (e.g., NPDES permits) and RCRA records (if applicable). The information we have been able to find about the platform and its associated wells are as follows:
